For each request, an id is constructed with a random value, and // it is stored in a queue. Requests are enqueued by the request manager in // response to an AsyncSend() call or when the request is complete. (Note that // the request manager does not wait for all request_ids to complete.) // // Each request has a unique id, which is used as a grpc_call_combiner. The // call combiner ensures that the requests arrive in order so that they can be // processed in order. Requests with the same id are associated with the // same call combiner. A request is used by a request manager

Viewing the evidence in the light most favorable to the trial court’s ruling, we conclude that the district court’s order was supported by substantial evidence and we affirm the order. AFFIRMED. 4 with the mediator to agree to a third term,

with proportional representation, or to agree that the existing government would remain in force. The final report of the commission was released on 13 December 2011 and it made 36 findings, of which the government had not taken account, and 16 recommendations. The government rejected the report in its entirety. The Dutch Reformed parties accepted most of the commission's findings and recommendations, but rejected the minority report, which was supported by People's Party for Freedom and Democracy, ChristianUnion, and Volksunie. The main points
