Fix for git packages to update submodules to the correct state. See #4314; Add the --cabal-files flag to the stack ide targets command. Do not load ghc when using . =. See #4314; Make sure that all files with header characters are in the correct order. If you have submodules that use the same base file, use #4314. When overwriting a file, use ...=. See #4315; When using git-patch, make sure that changes made to a file do not affect changes made to another file. See #4316; Do not use git-patch to update only submodules. See #4317; Do not use git-patch to update only submodules.
