
Half Life 2 Iron Sights ((FREE))

April 5, 2021 - I found an issue with shooting a firearm, when I run while aiming with the scope and then stop running, it still sprints. In general, I don't want my shooting to be like a running camera that looks like I'm just not able to move quickly with a weapon. ---- Sirius #Obsession , which cannot fire weapons when unable to run. I think this can be defined as the "camera effect" when something happens that I can't control and I stop running because of it because my camera thinks I'm running. Sirius
