Apr 13, 2017 If I purchase this product, can I upgrade to AutoCAD 2013 - or do I have to buy again? As AutoCAD 2010 has been phased out. I have tried AutoCAD 2010 without the new.NET framework and it does not work. Then I was getting an error that 'an unsupported version

If you need to do a system restore at all, go to

Windows. Go to Settings. Go to Personalization. Go to Windows Update. Click on "Change settings that are personalized". Set it to "Never check for updates". Now, be sure to have a current and good system restore point, from after the "programmatic" update. Sep 27, 2013 See this Autodesk forum posting. Oct 2, 2014 You can buy a new computer (or upgrade
