Upload Samsung Galaxy A50 SM-A505GT Image in CWM/SuperSU Update Samsung Galaxy A50 SM-A505GT Stock Firmware from Google Drive: Samsung Official Android 10 Galaxy A50 Stock Firmware A: You can install the Firmware directly from gophone by flashing the file, just like you flash the Recovery (called Recovery on smartphones). Make sure the SD card you flash with the proper firmware (the one that has the latest firmware, A505F) is in the same internal/external (SDXC or SDHC) as you install the firmware (that is why make sure the format is M.2 and not MicroSD or normal SD). The first time you install the firmware, you'll be asked if you want to install it in internal SD or in external SD. You have to select the first option. Make sure the file you downloaded is an official firmware (not a fake!), it should be a.zip file. Finally, you can't install the Firmware directly from gophone, you have to download the file from here and install the same way as you download and install Recovery. Note: In case you have a Samsung G7, you can download the.zip file from here, otherwise, you have to search the firmware in the post you have already read. The effect of a 6-month, double blind oral vitamin E dose of 1000 IU/day on primary open angle glaucoma. A 6-month, double blind, placebo controlled study was performed in 20 patients with primary open angle glaucoma to evaluate the effect of oral daily doses of 1000 IU of Vitamin E. Efficacy was assessed by clinical examination and tonometry. Study design was a placebo treated control group followed by an active treated group in the order of placebo first and then active treatment. The evaluation time schedule followed a treatment period of 6 months. Nine patients were in the active treated group. At entry, the average intraocular pressure (IOP) for the active and placebo treated groups were 24.8 +/- 6.3 mmHg and 27.5 +/- 7.9 mmHg respectively. After 6 months of treatment, there was no statistically significant difference between the two groups. The only clinical manifestations shown by the patients treated with Vitamin E were headache and ecchymosis. These clinical findings were transient and not related to dosage. We could not find any explanation for this finding other than a
