Field of the Invention The present invention relates to a vehicle headlamp. 2. Related Art A vehicle headlamp is described in U.S. Pat. No. 5,703,833. This prior art patent discloses a vehicle headlamp equipped with a first, a second and a third lens mounted in a recessed portion formed within a reflector. The reflector is fixed to a light source. Thus, the first, the second and the third lenses are located between the light source and the reflector. The first and third lenses are arranged in a first position and the second lens is arranged in a second position relative to the first and third lenses. A first distance between the first lens and the light source is shorter than a second distance between the third lens and the light source. The headlamp further includes a switch (referred to as an "operating portion switch" in U.S. Pat. No. 5,703,833) to execute a turn-on/turn-off of the headlamp by pressing the switch. The first and second lenses are movable in the direction toward and away from the light source and the third lens is movable in the direction toward and away from the light source. The first, second and third lenses are arranged on a support member. In the prior art headlamp, the second lens is located above the first lens and

Game "Convoy HD" Gameplay: "Convoy is a stealth game where you have to search for the smallest clues, find the right tool and use it so that not even a single trace remains. You start your search at the train station. On the way to the search you have to deal with hunters. The first clue will reveal your surroundings. You can either choose to go stealthily or non-stealthily and enjoy how the environment forces you to adapt and use all your senses to survive. You can only survive once the game starts." - Project Antinomia "Convoy is developed by the independent studio Project Antinomia and published by Bloodlust Games. Check out the Convoy trailer to get an idea of how the gameplay works." - Project Antinomia Project Antinomia has teamed up with Monster Games to bring you a fantastic looking first-person stealth action game! This game is set in a dystopian future in which mankind's thirst for power has gone too far. The Earth is no longer self-sufficient and has turned into a massive metropolis. The threat of nuclear war is very real, and the only hope for humanity is to get out of this spiralling crisis. That's where you and your family come in. You are a contractor who has been tasked with taking down the "system", but before you do that, you have to infiltrate the heart of this enormous urban sprawl. The fact that you need to survive and find your daughter is more than just a bonus. So be on your guard because this game is going to be hard. And it's going to have some surprises too. Features: - A game inspired by movies like "L.A. Confidential", "The Book of Eli" and "The Terminator" with a specific visual style - A story inspired by real events that happened just after the 1980s - A number of opportunities to explore the whole metropolis and the atmosphere of a post-apocalyptic world - A variety of mechanics that allow you to move around on the go, cope with the elements, use your creativity to overcome every situation, and solve difficult puzzles - A variety of
