• Action RPG: Deliver powerful blows to enemy hordes and attack bosses. • Action Combat: Swing your weapon while maintaining your weapon stance, making sure not to miss any attacks. • Overworld Combat: Target enemies with your ranged weapons and try to hit them while dodging attacks. • Weapon Styling and the Skill System: Evolve your weapons by combining them with other weapons and equipping them with different skills. • Lightning Speed: Attack, use items and execute basic actions, all at once. • Easy to Play, Easy to Learn: Actions are easy to execute but require precise timing and multiple button presses. • Discover the Lands Between: Explore the diverse fields that connect the open areas, embark on various quests to discover more about the Lands Between. Collect all the basic armors and weapons of each gender and cross-gender them to create a powerful armor set. There are usually a few passive skills that come with armor sets. Use them to increase your defense, accuracy, etc. Those who can't find any gear themselves can always visit the Gear Shop in town and use the cheap equipments they offer for a character to level up. One can also create their own unique gear set and attach it to their character. Since an armor set has 2x less of a drop rate than a weapon set, you can more easily find equipment to increase the chance to find stronger weapons and armors as you level up. By purchasing equipment sets, the reward you receive in the form of experience points (XP) will vary. When all the required skill is unlocked, a reward will be available for you to claim. The Equipment Store • Weapons: Swords, hammers, maces, daggers, and other weapons. • Armors: Shields, vests, armors, and other armors. • Headgear: Helmets, coifs, headbands, and other headgear. • PvP Battle Arena: One has to provide their level and the arena master will give a set of equipment to one of the two participants. A level of 200 will be required to participate and may need an account verification prior to participation. When levels go up, you can participate with more friends and increase the chances of winning. When the PvP Match is over, you can get a reward based on

SaorEalnica is an original fantasy role playing game (RPG) for the PC platform developed on Unity 5.5.2p3 and prepared for Windows, Linux and Mac. It came out on December 2018 and the goal is to offer the players a unique and open environment for a happy gameplay. As in other RPGs, you can choose a main character that you will have to shape, with different behaviors to meet each situation. You can deal force against force or prevent it. You can also develop the skills you know or those that are still unknown. There are even different skills that can help to perfect your reputation with the people of the land you chose to live in. When the game starts, you can select up to four characters that can be moved around a map in real time. You also follow your own path and encounter various difficulties by jumping between towns, fighting enemies and visiting warring castles. Story modes will be added later. The combat system is very similar to Dungeons & Dragons as a basis with branching to reach different manifestations. The game has many weapons, armors and crafting weapons to develop your characters skills. There are collections of crystals and other items that you can equip for different effects. There are also magic elements that can be learned with time. Each weapon has its own characteristics, attack animations etc. This game is part of an IndieEdition plan where it has been developed to give players of RPGs the opportunity to show their creativity after this development without having to get any financial support from the big developers. If you like to see this game play, please check out its [gameplay video](#). The game is ready for testing and easy to play. You do not need to be an RPG expert to enjoy this game. Suggestions and requests for improvements are always welcome! You

Podcast #14: I'm Not Hetero! with Charlie Vo Podcast #14: I'm Not Hetero! with Charlie Vo Cute Asian babe, Charlie Vo, loves to do glamour spreads! She's the perfect girl next door and I've watched her shoot for a lot of magazines, including Glamour. So, I've decided to have some fun with her on this podcast. Charlie first thinks she is straight, but that's not the case. She loves women, and her clit can get a little rubbed. I invite her onto the couch and we chat about the gay things she likes, and gets turned on by. Then, we are joined by our friend Jason White, and we talk about being bi. Plus, we've got Charlie's first interracial sex scene. Enjoy!

Coupons to use:"The Old Blood" is the first DLC that will bring meaningful content to Skyrim. Make a living a living dragon as you slay the mighty dragons making their way across Skyrim. A legendary dragon that is protected by ancient dragons lies in the town Skingrad. The very quest that leads to the death of Skyrim's most powerful dragon begins here. A subterranean prison tower created for the purpose of holding dragons captive opens it's doors to allow you in. The tower lies in a canyon, leading to other caves with other dragons. Some of these dragons are in a weakened state. Slay them and their battle items. The Woodland Realm is the first DLC out for Skyrim, On this DLC we are introduced to a realm separate to the Skyrim Dragonborn Basin. It is a realm full of monsters, and dangerous kin. Note that this is an "in-development" content and does not have stable paths to enter. There will be places that you can enter by teleportation or fast travel, or find in a cave.
