GAMING NEWS(Japan) RPGWatch: :: Recommended :: ■  
RATED A- "SwordArt Online -Hollow Realization- scored well in my opinion. The story has a good starting point and a great ending, and the game's characters are beautiful. As a result of this, I could get into it. The reason why I enjoyed the ending in particular is because it makes me want to play more, and in the future I would like to learn of the story from the beginning if possible. It is an enjoyable title, and I recommend it to others." ■ RATED A- "The first two episodes are excellent, but the third episode fell flat, and I couldn't play past it. The game did have a solid atmosphere, but the boss battles were a far cry from other titles." ■  
RATED A "This game is a masterpiece. It's an even mix of high-speed action and RPG elements that provide a nostalgic feeling of the genre. The stories are compelling, the characters lovely, and the music excellent. I wish I could play more of this game!" ■

RATED A “With a story in which you’re an agent of an organization that protects its members in the virtual world, it’s easy to see that it might have inspired the Hyperdimension Neptunia series.” ■ RATED A “Both heroes and enemies were lovely. The heroine attracted me at first sight, and the sense of helplessness made me even want to become her friend. It was good to play with interactions.” ■ RATED A “I felt like I was watching a movie. The graphics were beautiful, the dialogue was accurate, and the story was good.” ■ RATED A “SwordArt Online is one of the best visual novels I’ve played in recent memory. Its various story choices and different routes add to the game’s depth.” ■ RATED A “With the massive amounts of customization to the character itself, I felt the character switched from character to character so easily, and I can’t get enough of it.” ■ RATED A- “The game provided an interesting narrative, well-executed characters, bff6bb2d33

**MISSIONS OF THE ELDEN LORD** The ELDEN RING is an action RPG where you play as a young man with a wise look and a bit of a bookworm. At least, that is, if you are a younger version of the default protagonist, who becomes your first quest. When you begin to complete your first quest, your first quest objective is to acquire an Elden Ring. That means to prove yourself as an ordinary man through great deeds by defeating the random creatures and monsters, which also includes the basic mechanics of the game, those of turn-based RPG. Traverse through an open-world map Various areas of the world create a three-dimensional open world map. • Construction of a City You can view detailed stats of the various settlements, including the general stats and buildings. In addition, you can use these stats to support your quests. • Research Extensive learning conditions are available, including the use of skills, magic, attributes, stats, maps, recipes, items, and etc. 1. Battle 2. Instruction 3. Map 4. System 5. Transfer 6. Introduction 2. Dungeon Guide and mysterious forces are destroying the world. The only way to save it is to explore dungeons. The dungeons
