The Sword "Heavenly Inversion" The design of the Heavenly Inversion Sword reflects the characteristics of the blade of a Heavenly Sword that was forged by the legendary swordsmith Zao. • Heavenly Inversion Blade Crafted from the rare material found only on the surface of the Moon, its sword has the appearance of a Milky Way sky and a dazzling blade of zenith. • Lunar Earrings They were crafted after the design of a pair of earrings made by a craftsman from the Lunar village. The silver was selected as a symbol of the celestial beauty of the Moon, while the design of the garnet reflects the origins of the craftsman. • Blade Crafted from the rare material found only on the surface of the Moon, it has a pure blade that is unique in its design. The blade is carved into a circle that rotates as you use the sword, allowing you to perform various moves. "Sangoku Shatter" To take advantage of the fact that the name of the weapon corresponds with the hearts of the Sangoku clan, the staff of the Midnight Prince that makes up the main body of the weapon, "Sangoku Shatter", is selected. • Sangoku Shatter It has a similar appearance to the staff of the Midnight Prince, but its four guardians, who have their heads stretched out, are fixed at their positions. You can perform a high attack using its rise and fall effect. • Flanking Slash Its three blades can be freely pivoted and swung, allowing a high attack in all directions. "Vast Horizon" "Vast Horizon" represents the state in which you could travel on the entire surface of the Moon, moving on your own without a vehicle or ship. The sword is a symbol of an outsider, as well as an emblem of a traveler. • Vast Horizon The sword can be freely leveled up as you gain experience. There are six types of offensive and defensive lines, and you can freely move between them. By using this, your offensive and defensive ability will be raised and your attack rate will increase. "Tendentious Xanthos" With four blades that are fixed perpendicular to the main body, "Tendentious Xanthos" represents the sword that has the cardinal form of the blessed outer circle. It cannot be leveled up, but it can be used to attack all at once. • Tendentious Xanthos The sword is designed to
