Elden Ring Features Key:

An Action RPG with Real Time Combat using a command log Use the command log and perform actions at the same time while responding to real time situations. Cast powerful skills and boost your attacks with the combination of your weak and strong areas in the real time action scenes.

- Realistic 3D Graphics An incredible combination of character performance and scene presentation, enriching the sense of real-time feeling of the combat scenes with rich 3D graphics. The vast world with complex graphics is designed from the viewpoint of the players, so you can directly perceive the scenery from a player's perspective on-foot.
- Full Customization "Tasteful and highly detailed customizations" is a T&C principle of "no magic meshes"" that is applied to game items, such as armors and weapons. It aims to create a world in which your character in the game has its unique "Taste" by refining the details of the combinations of the existing items. Players can freely customize the appearance of their character and select equipable items that fit their characters.
- Redesigned Field System The most important ARPG system "ABT" that continues in Steel Division: Normandy '44 is rebuilt. Players can enjoy stronger battles and greater potential by performing attacks and commands correctly in the mega-map. In addition, "ABT AVAILABLE" (available until the unit has no hit points), "ABT LOOSEN" (reduce the defence points of the enemies based on hit-points), and "ABT CONTINUE" (enforce the tactical decision based on the purpose) are added.
- Architectural Soundtrack The game's music by both a composer and an audio director provides a wonderful overall tone to the game and is suitable for its dramatic story.
- Intuitive UI The advanced user interface that enables the users to enter a command log at the same time during the battle and encourages user operations. As a result, you can achieve a fluid battle experience.
- Compliant Content
