You can freely create your character. If you are looking for an RPG that offers a combination of an epic story and gameplay, you need to experience an epic fantasy RPG! Rise, Tarnished. A mandatory item required to open the entrance door In order to link the door, "Crystal" is used. Crystal can be found in various places such as abandoned mines, ruined castles, and even caves. You can find a lot of crystals there. How to use the "Crystal": Tilting the controller • If you tilt the controller while pressing the "X" button, the screen will rotate Finding the "Crystal" While moving around, you will find a variety of objects that are related to "Crystal". In order to find the "Crystal", check the objects in this order. • Find "Crystal" items and open doors While you are in front of a dead body, check the "Crystal". You will find a dead body or a unconscious character. You can find the "Crystal" by walking over objects that are related to it or by finding a dead body. NOTE: In the story mode, you can go through scenarios in order, but you cannot go through other scenarios even if you have "Crystal" in the past. Repairing the door using the "Crystal" • As you go through the scenario, "Crystal" is consumed with the passage of time. It takes time to open the door. • To fix this, use the "Crystal". The "Crystal" is only effective if it is used in the correct location. • You can acquire
