## **Features Key:**

Progressive Quest System  
Dynamic Melee Combat  
LAST-MAN LAN Play  
Mash Up Fantasy and Science Fiction

**Progressive Quest System** The 6th expansion to AION, Heroes of the Storm, and Undercroft is titled "Unearthed". It introduces a new "Progressive Quest" system to challenge you more as you progress through the game. Your story will gain depth as you go deeper into the game, while adding new story elements and characters that begin to flow as you deep dive into the content.

**Dynamic Melee Combat** Sword fights are a bruising affair where skill, timing, and precision are crucial. With full support for three-dimensional graphics and grappling, swords are an integral part of AION's combat dynamics.

**Last-Man LAN Play**

Although the game itself is perfectly playable with no connection needed, from a multiplayer perspective, the "LAST MAN LEADS" feature lets you (as if you were actually an NPC) roam around in your own world via synchronous online play. Since the leader of the faction you choose to play on is technically you, you can interact with the environment and other NPCs together.

**Mash Up Fantasy and Science Fiction**

Combining fantasy elements, such as medieval armor, the Wildland world of Elden and the Lands Between, and the mysteries and puzzles of the Undercroft.
