

WHAT YOU GET Better players in better positions—Enhanced natural movements, ball control, and movement capabilities make for an impact on a match, even when the ball is at rest. Players will respond in realistic and natural ways to a greater variety of situations. **REALISM**—Kick to Check: With so much motion and positioning data from 22 real-life athletes, players will now react to strikes and checks at the same time as they would in the real world, no matter how busy the action. Improved Movement Mechanics: Counter- and cross-cuts, feints, and trickery are now more impactful thanks to the natural movement mechanics of players in the off-ball phase of the game. Intuitive Interaction: There's more to attack and defend than ever before, thanks to the "Impact Engine" and "Tactical Awareness" AI systems. Players will use their intelligence to choose correct and good defensive options, offering a more intuitive experience in the middle of a match. **ATMOSPHERE**: Player personality and freedom of expression come to life with more than 250 authentic player expressions that are a direct result of world-class motion capture capture and audio production, plus we've added more than a dozen key new player animations that improve the overall player experience, like an 18-year-old winger that you just don't see every day. **MORE PLAYERS**: We've expanded the roster with more than 120 new player faces for a full lineup of 11 leagues and countries. **NEW TECHNOLOGY, NEW SOUNDS, AND MORE**: Take the game to a new level with the most realistic audio and visual experiences in a sports game ever, including new player and crowd sounds, stadium and ball animations, new player appearance models, new fluid player animations, and more. **KEY FEATURES (+ new features)** **GOAL LINES**: Match developers will have the option of playing with goals placed a specific distance from the center line. It will give players an extra avenue to reach the ball, making it easier to strike or control the ball and open up new passing lanes. **LIVELINE SKILLS**: Game developers can explore all four goals from different angles. While watching the game, viewers will have a unique perspective when viewing how players score, assist, or lead their team to victory

Features Key:

FIFA Ultimate Team provides the most comprehensive way to develop and grow your real-world roster of players. You can choose to create teams comprising of your favorite players, or collect players that you find in the game through packs. During your career, you'll receive demand for particular players, which you can meet by completing the weekly Ultimate Team challenges with a squad of real-life players. The game also gives you the ability to trade players with your friends on Xbox Live, further enhancing your FUT experience.

FIFA Ultimate Team will be made available as a free download on the Xbox Games Store for PC and Xbox One. CONSOLIDATIONS TEAMS Tackle the new Consotions mode in FIFA 22, and to earn the required points you will have to collect two packs in one week to play together. But that doesn't mean you can go toe-to-toe with the pros. Performing as a team can be key to getting the wins on 1 vs. 1 challenges, where the goal is to accumulate the most amount of points in the shortest amount of time.

The Sevens mode introduces a brand new international style of play. Incorporate soccer tactics into your 7-day, play-mat based challenges. Develop your 7-day Squad, and dominate in all seven rounds to earn up to seven wins and rewards.

Easily swap out your rosters while in a game. Use the Create-a-Player tool to create a custom player.

Combine over 350 team combinations, and customize your uniforms with colors and kits. Each club has its own distinct identity in FIFA 22.
