Methyl 2,4-dimethylnaphthoate forms a heterochiral di-supersecondary *N*/A-chloro ketone, which is chiral: its enantiomer is obtained by chemical transformation. The physical properties of the two enantiomers are analysed, and chiral HPLC of the racemic compound is proposed. Chromatographic parameters of the enantiomers are compared to those of chiral derivatives of benzoin methyl ether, a model compound of these naphthoates.Last updated on.From the section Football Perth Glory avoided what would have been a fourth successive ACL defeat by recording a 1-1 draw against VPL 2, as the 2012 FFA Cup hosts were edged into round two. Nicky Maravilla got the hosts off to a strong start when he slotted home from close range in just the third minute of the tie. But it was the Heartland side who came closest to scoring a winner when they saw a close range shot cleared off the line. Maravilla's 12th-minute strike was his 12th goal of the season. It was a result that could have been more lopsided, however, as Heartland's star striker Damien Collonge had an earlier penalty appeal turned down. Maravilla had been struggling with an ankle injury that looked to have forced
