Dogecoin Pascals Day Yesterday, a small update was made to the Dogecoin block explorer, releasing a small update in the form of a daily Pascals drawing to celebrate Pascals day. The drawing was done by Bannyrabbit, a meme creator who has made several other interesting Dogecoins creations like the Dogecoin version of Pepe the frog. As some of you may know, the word "Pascals" is derived from the name of a man who invented the Pascals Day, which was originally a celebration of the first day of spring. Unfortunately, there is no clear explanation or citation of where the Dogecoin year/month/day is taking us, but it appears to be more of a visual meme than anything else, with a very subtle Dogecoin tinge. Anyway, you can view the drawing here and check out the rest of the meme creations. Thanks for reading! Enjoyed this post & want to read more like it? I've read the product information and came to this conclusion on my own. -My favorite is definitely the battle system. -The design is unique and is a class system where you choose what you want to make the most use of. -This is definitely shaping up to be an amazing game. A shame I am a bit late to the party, but I do not know what the hell I missed. The game is AWESOME. [Creepy cool - 9/10] But I cannot even play the game since I can not reach the website (need to be high speed connection for that.) This game is so entertaining, it feels like I am taking part in the game's journey as a true disciple. But it's also so frustrating because I don't know if I will ever be able to play it. (I hope to have time some day though.) I saw this on the website and I had to purchase it, it truly is a beautiful game. Everything looks great and I cannot wait to play it when I have the time. Amazing title, I can not wait to play it. - This game is an unique fantasy action RPG. - The battle system is epic and really touch my heart. - It's seems like I am in a town that is a bit like Dragon's Dogma. - The game itself looks great and if you have any kind of odd tastes or creativity, it's time you should play this game. This game is fantastic. [Crazy fun - 10/10] You can create your own character. The battle system is really epic. The controls are a bit weird sometimes. The music is very atmospheric. I really want to explore this town. This bff6bb2d33

- Game Features An RPG that combines elements of action and role playing games The most diverse and realistic strategy RPG ever A multitude of diverse scenarios Attack on the real world and dungeons that are filled with traps and secrets An epic drama that places you in the Lands Between Contacts with and travel in the real world by way of an unreliable narrator * STORY About the world... The world of the Elden Ring is the Lands Between. The desolate Lands Between, which is a place between worlds which should belong to the Gods, where the only living beings are human and Elden. The human people of the Lands Between are almost extinct, since the human villages in the Outside have been largely destroyed. The Elden live in the Red Town, which is protected by the Wardens, the police of the Lands Between, and are divided into Elden lords and commoners. The Elden lords provide the Wardens with information on the Outside, and protect the Lands Between. However, the Wardens are not perfect, and the Elden lords are corrupt, and therefore the Elden lords work with the Wester, the Elden noble that aims to destroy all the Elden and gain control over the Lands Between. The Wester is supported by the Exiled, who are humans in the Outside that have been banished to the Lands Between. The protagonist lives in an empty village in the Lands Between. He earns his living by killing humans and searching for Elden fables about the Outside. He does not know that the young woman he calls a friend is an Elden lord and that he is the subject of a secret investigation by the Wardens. The protagonist spends his free time exploring dungeons and asking other humans about rumors of demons in the Outside. One day, as he is talking to a young human girl at a tavern, he is stabbed by a man with a cursed golden blade. The girl is chased away by a demon, which is the leader of the clan of demons that dwell in a nearby mountain, and the protagonist flees with the help of an elf girl who comes to his aid. However, the girl who saves the protagonist dies before they can reveal their true identities. The protagonist has a nightmare about the demon clan, and is then called by the young human girl's family to go to the demon clan to find the truth. There, he encounters a young woman, and the two of them meet an old elf woman, who is guarding the gateway
