What are you waiting for?Q: How to get a number of pages used in XSLT I'm writing a transform to convert PDF documents to HTML with fo:inline-foreign-object. In the resulting file, I want to remove the pages that are not being used. I already have a pdf document that I can use. I'm getting the pages using the following: Now I need to select only the pages that are actually being used, and remove them, but I need to know how many pages are actually used. Please, help me to calculate this number. Thank you in advance for your help. A: Here's how I got it. Hereditary, copper-deficiency disease (BCD, Menkes disease). Hereditary, copper-deficiency disease (BCD, Menkes disease) is a recessively inherited, human copper metabolism disease. BCD is a multisystem disorder characterised by impaired copper incorporation into ceruloplasmin, copper-dependent superoxide dismutase and cytochrome oxidase and decreased (dys) function of other copper-containing metalloenzymes. The underlying genetic defect has been identified as a splice-
