Skillful controls give players the ball and create plenty of opportunity for strategic mastery. Passing and dribbling up and down the pitch will bring out the best in any player. You can pre-load a new game on your PS4™ with the new mode, "Into the Game." This provides a level-matched multiplayer match for your friends to enjoy, perfect for an impromptu session. • Authentic Individual Player Movement An intuitive control system enables the player to use skills as they compete in real life. Using the right stick with button inputs, players create opportunities through movement alone. Players shoot and move freely and create options for each situation. Move the joystick in the direction of the pass option, and your strike partner will react accordingly. • Share Your Passion Players can take to the pitch using their favorite virtual teams from the FIFA Ultimate Team™ mode. Or, if they prefer, players can enjoy solo online matches against friends and foes in any of the available game modes. • Compete Worldwide Available for the first time in FIFA Football games, the new Career Mode gives players greater freedom in how they progress through competitive matches. Choose from local or worldwide competitions and challenge rival teams in the "FUT Champions" mode and "FIFA Ultimate Team" mode. Experience the worldwide flavor of the FIFA Football games and compete on the world's most prestigious fields. • Play With Friends The new Pause system lets players connect their friends in FUT Champions' mode over live multiplayer matches. This allows players to experience football, including 8-player classic full matches, with their friends. • Play On PS4™ PlayStation™ 4 is home to the latest in PlayStation technologies and features, including Share Play™, PlayStation Now™ and PlayStation App. Together with a digital and on-demand media library, PlayStation 4 provides the easiest way to rediscover and relive games from the past. • PlayStation VR Support PlayStation VR gives players the ability to leave the limits of the 2D TV screen behind and live in three dimensions with the soccer team. Enjoy FIFA 19 and the complete FIFA range of games on PlayStation VR and experience true football like never before. The FIFA Football franchise features the world's most successful real-life team, FIFA Interactive, and is one of the most popular game franchises. It has sold over 850 million licensed

FIFA is an award-winning series of sports games featuring authentic teams from some of the world's most popular leagues, including the Barclays Premier League, UEFA Champions League, UEFA Europa League, UEFA Super Cup, FIFA Confederations Cup, FIFA Women's World Cup, FIFA U-20 World Cup, FIFA U-17 World Cup, FIFA Club World Cup, CONCACAF Gold Cup, Major League Soccer, Ligue 1, La Liga, Serie A, Bundesliga, and more. The best-selling and most popular game in the franchise, FIFA 20, offers a combination of authentic team, player and stadium experiences, compelling gameplay and deep social features designed for the new FIFA Live experience on Xbox One, PS4 and PC. FIFA 20 on PlayStation®4 delivers a deeper football experience with a focus on tactical gameplay, player movement, real-world player likeness and more. Taking inspiration from the updated FIFA Live experience on PS4, FIFA 20 brings together a new movement system that allows players to move and dribble like their real-world counterparts, as well as vision and intelligence in the goal. This combination of authentic traits, coupled with an increase in overall balance and responsiveness, means you can play your way. FIFA 20 also introduces the all-new FUT Draft, which brings FIFA Ultimate Team into the latest version. This includes a draft with unique match flow and a new way to build and manage a squad.
