### Elden Ring

Arc System Works What's New The Elden Ring has a range of new gameplay features for players to enjoy. - Improved flexibility in the basic combat The number of characters you can select has been increased to six from four. You can now even give your characters different personalities such as a heavy-set master who is calm and soft spoken, or a monkey-like apprentice who is merry and rambunctious, all with their own battle style. Even with the increased selection, you won't feel overloaded. The elements of the combat you can use with each of your characters were kept the same, so the new classes won't cause you to feel cramped either. In addition to being able to enjoy the combat while satisfying the eye, this allows you to enjoy the process of creating your own characters. The game was updated to include an "Explore" feature that lets you travel to areas of the Lands Between. - New Move System The "Explore" feature allows you to move freely in the Lands Between. In addition to jumping and climbing, you can now run in the direction you select. You'll have fun roaming around to see what's around the next corner, and you won't be met with an end point like other RPGs. In order to travel to the next area, you must go through a gate that you discover on your own. A new "Read" feature that allows you to save your game whenever you want has been added to the game. You can also check your understanding of the game. What's Changed Fairy Tale - Added more fairy characters. - Updated the graphics for the "Atelier" character. The fairy characters are new characters created in the Lands Between. The environments were also updated for the characters to make their look more realistic. - Improved tactics New tactics with a new "Link" feature have been added. These work when you link certain characters together. As a result, fighting is more exciting than ever. Roles and Ranks - Added Character Selection screen You can now view the full character list even while in town. - Added the option to add a new character You can now decide what character you want to play as when you are in town. Character Creation Special Skill list - Added Special Skills There are new skills and support bonuses that the new characters bff6bb2d33

**1. Install UDEMATECH v1.05 and original UDEMATECH v1.01 or later version. 2. Add the folder ELDEN\_RING\ to your setup. 3. Run the game. 4. Have fun. So what is the difference between UDEMATECH and UDEMYST? UDEMATECH v1.01 (The same as original) UDEMYST is a UI modification for the UDEMATECH v1.01. As the name implies, it manages to include and improve the UDEMATECH v1.01 with the UDEMYST. It includes the features of the client, such as age verification, and a friend system, and various bug fixes. The system password must be checked to activate it. The file is registered to be freely distributed. \*UDEMYST is free when using the activation code in the client program. You do not need to buy the UDEMYST from UDEMATECH and its worldwide version. Note: When using AgeVerification, the game will not allow the server to use a user whose age is below 21 years old unless you activate AgeVerification for the user. English: English: 1 2 Customer Reviews Comments: New update not compatible with previous version! Need to purchase version 3 from PlayDh. If you have updated the game version 1.01 with version 1.1, please contact us here. Language & 1.5.7 (UDEMYST v1.5.7) 1. Language for all the scenario and characters is in English. 2. Addition of a character editor for creating a character on the server. 3. Addition of a file that can be used to create a character with the editor. 4. Addition of client version. 5. Update from version 2.0 to 3.0 of the client. Customer Reviews UDEMYST is one of the original mods of UDEMATECH v1.01. Like UDEMYST, it allows the player to play the game on the server. However, the elements of UDEMYST are improved. In addition, UDEMYST includes an improved client that can be used to play the game with UDEMYST**
