Agent X is a puzzle game where you are an over zealous agent, who is on a mission to save earth. In this addictive game you will solve algebraic equations to collect coins and score bonuses. In order to be successful you must be familiar with algebra. By selecting the right equations you can create paths of different terrain types. You can also collect coins by going down ramps and avoiding

obstacles. Getting you coins will help you gain the experience points needed to unlock new vehicles. You can also score bonus coins and experience points by doing tricks. The more experience points you gain the more you can unlock. Another way to unlock vehicles is by filling out your Checklist. Collect items that are hidden around the level and use them to fill out your checklist. After you have filled out your checklist you can buy a vehicle of your liking.

Tip: You can use a cheat code to unlock all vehicles without money. With the vehicles on your side you can explore new areas of the planet. Collect as many coins as you can in each level to unlock more puzzle solving in future levels. Terra Nova is a corporate-political adventure-mech action-sim set in a distant planet's future. The player takes the role of a member of a space cargo service, in a hostile environment. The game is set in a cold future not so far off. Main character Adam has just been trained on planet Mica, where they are responsible for the planet's sole natural resource. Adam's team is to transport the key

to the next scheduled shipment: a single living creature, a dragon from Earth. In order to do so, they must traverse the planet in the back of a high tech cargo mech. Terra Nova provides an experience like no other mech game before it. The mech controls give players an impressive level of agency, with the ability to combine your character's flight, jumping, melee, and low-gravity environment-specific skills into an effective weapon. The game's unique abilities are also a perfect fit for the mech mech and this game. From a story-driven experience that delivers RPG elements like base-building and character customization, to streamlined, arcade-style controls and quick-paced battles. Terra Nova is a complex adventure in a Sci Fi universe. Storytelling spans nearly four decades, and players can

choose between several different endings. This isn't another traditional mech game. Terra Nova is a vehicle combat game. Terra Nova is a genre-transforming experience. In-Game Video Terra Nova is a striking game and on the Xbox 360 it looks absolutely incredible. Terra Nova features an extremely high definition and refresh rate that makes the game look fantastic. It also features a vibrant and colorful environment that both looks great and is very immersive. Overall, Terra Nova looks like an impressive piece of visual art. The character models in Terra Nova are very well made and extremely detailed. Many of them feature incredible animations that flow very well. The mechs in Terra Nova look extremely well made and feature some impressive moves and animations. The weapons in Terra Nova are

also rather well made with many, in fact the majority, of them being extremely flashy and destructive. All in all, Terra Nova looks great and features models that definitely did not feel like toys. With such an excellent level of detail the environments in Terra Nova look absolutely stunning. Terra Nova features a very vibrant and colorful world. Many of the locations and areas look amazing and feature wonderful high resolution textures. Most of the locations look positively stunning, especially the planet Mica. Mica looks absolutely beautiful with countless cities and towns
